The Paratus Group  
Maritime Consultants

***Par-a-tus: (latin adj):  
prepared, ready, equipped.***

We ensure our clients are *prepared* for safe, dynamic maritime operations.

The Paratus Group is a network of independent consultants with expansive maritime regulatory and law enforcement expertise. Most of our consultants have spent a career in the United States Coast Guard and bring decades of experience across a broad spectrum of domestic and international maritime operations, both afloat and ashore.

# THE PARATUS GROUP SERVICES

Listed here are a few of our core services. If your organization has unique needs, The Paratus Group can help. Having established an expansive list of focal points and contacts throughout the United States and abroad, The Paratus Group can find the perfect consultant to help you meet your organization's goals.

*Equally at home on the water and addressing the world's delegates to the International Maritime Organization (IMO)*

## Paul R. Lattanzi

### Founder and Senior Consultant

Prior to founding The Paratus Group, Paul spent 25 edifying years serving in 10 of the US Coast Guard's 11 statutory missions, at home and overseas. Past tours include serving as the Officer in Charge Marine Inspection for Southeastern New England and as a Senior IMO consultant to the United Nations missions throughout the Caribbean.

Paul is a licensed Merchant Marine Officer, a NIMS ICS Incident Commander and held a top secret national security clearance. He earned a Bachelor of Science from the United States Coast Guard Academy and a Master of Science from Tufts University.

#### COMMERCIAL MARITIME OPERATIONS

Whether it is traditional ship and port operations, or large scale infrastructure development, The Paratus Group can help make your operations more efficient. With experience in the licensing and construction of America's first offshore wind energy project, we can also help you navigate regulations and best practices as you break new ground with novel projects and disruptive technology.

*Vessel regulatory compliance*

*Port safety and security operations*

#### RISK MANAGEMENT:

The Paratus Group consultants bring years of experience and have literally written the international manual on emergency preparedness. We specialize in contingency planning and training for executive leaders and first responders alike. We bring years of experience conducting post-casualty investigations to help you prevent and mitigate incidents that disrupt your business.

*Training and workshops*

*Risk identification and mitigation*

#### STRATEGIC PLANNING:

Keeping track of developing international regulations and ensuring compliance with existing regulations is no easy task. The Paratus Group can help you ensure you are meeting all your requirements, whether you are an IMO member state or a facility wanting to follow industry best practices. Use our knowledge of the forces affecting tomorrow's shipping to your advantage.

*Finding opportunity in emerging regulations*

*Plotting a track line around shoals to safe operations*
